

Priyanga Madhavan

2/79, Neruppur, Dharmapuri, India 636-810

Dear Team,

I am submitting this letter and my resume to be considered for the position.

I am a dedicated and motivated individual and I believe I have the right qualifications and experience that you are seeking:

- 5 years of experience as a UI/UX Designer
- Excellent understanding of
 - CSS (**Bootstrap/ Tailwind CSS**)
 - Figma
 - HTML

I currently work at [Majulah Infotech](#). My day mostly goes by developing efficient Design using various Design tools, especially Figma. Apart from this I manage a couple of team members and review the designs developed by them.

The major driving force for me to work as Product Designer is to enjoy the process of solving complex design problems which enhances the overall user experience for the clients. Also, me and my team work remotely completely and there are hardly any frictions, as we keep our feedback loops as short as possible.

To showcase my skills, you can visit my portfolio here: <https://priyanga.netlify.app/>

Please feel free to contact me at your earliest convenience to arrange a meeting so we can further discuss what I can bring to your team. I can best be reached at +91-9092092897 or priyamadhavan11@gmail.com.

Thank you for your time and consideration. I am looking forward to hearing from you.

Yours faithfully,
Priyanga Madhavan
